

Die cutting is the no-fuss way to create thin gauge metal labels. Foil thin but still with the same tough anodised layer and aggressive industrial grade adhesive, our die cut MetalPhoto labels are bundled in flat gangs - protected and in sequence, you just peel and place onto the prepared surface.

RADIUS RECTANGLES

Code	X (mm)	Y (mm)	Radius corner
DIE-3846A	16	12	2.0mm
DIE-3813B	20	16	3.0mm
DIE-3848A	23.3	7	1.5mm
DIE-3831B	25	16	1.5mm
DIE-3847A	30	9.75	1.5mm
DIE-3819B	38	16	2.0mm
DIE-3850A	40	20	3.0mm
DIE-3838B	45	19	3.0mm
DIE-3806C	45	48.5	3.0mm
DIE-3840B	56	29.5	3.0mm
DIE-3829A	63	20	3.0mm
